Fall Yard Sale

It's almost here...

Time to start cleaning out your garage & closets and getting your items ready for the Fall Yard Sale.

The popular event will be held on the first weekend of October:

Saturday, October 1st, 2011

8 am—2 pm

Registration forms are available at The Woods office or in the upcoming August & September editions of *The Woodsette*

4TH of July Party

Thank you to all of the residents who joined us at the 4th of July party this year. It was a great event! And, a special thank you to all our volunteers !

Community Association Member Benefit

Woods Community Association members now have access to Mass Mutual's Signature long-term care coverage at a discount. Coverage is also available with the same discount to the eligible member's spouse, adult children, parents, in-laws and grandparents. The Signature Care long-term care insurance policy is fully portable. If a member leaves the association, all applicable discounts and benefits remain in place.

The association discount is activated when three applications are submitted to the company.

What is the likelihood of needing care?

Americans are living longer than ever before. Someone aged 65 today is expected to live to an average of 83.7 years of age. An estimated 70 percent of people who reach the age of 65 will eventually need some form of long-term care. Individuals with long-term care needs generally receive assistance at home or in community based settings before moving into more intensive care settings. This means you could stay at home and remain an integral part of family activity.

Who pays for long term care?

"People pay for long-term care in a variety of ways. These include: using the personal resources of individuals or their families, long term care insurance and some assistance from Medicaid for those who qualify. Medicare, Medicare supplement insurance, and the health insurance you may have at work usually will not pay for long-term care." [1](#)
